Local Village Coordinator : **Krishna Lama** (Teacher) Mobile : +977 98 41 54 32 36

Now, i have attached you the photos and little description of damaged school in my village. It was built by the donation of different people. Now, there is no more donors at this time. They are looking for help of some NGO / INGO... after earth quake. Minimum 15000 euros is needed to rebuilt the building and ground. This is government school, salary is paid by our government for teachers. If we can help for this school the education will be sustainable.

Chhetup Tamang
